

URGENT COVID NOTICE

09 238 7745 | stjoesoffice@stjosephs.co.nz | www.stjosephs.co.nz

16 November 2021

Due to information received today regarding the growing number of local community cases in the Pukekohe area, **St Joseph's School, Pukekohe, will not open this Wednesday 17th November as planned.** We have made the decision that our new starting date will be Monday 22nd November, unless advised otherwise.

I know you will appreciate how much organisation has been done in order to reopen school this week so this decision has not been made lightly. The Health and Safety of our students, staff and school community are our priority. Due to the proximity of this outbreak, if you have any concerns about your family's health, please get tested.

Children already registered in our school bubble (for parents who need to work and have no adults at home) can continue to attend school by arrangement. Please contact Ursula by email principal@stjosephs.co.nz well ahead of time in order to confirm a space. Late notice may mean that adequate supervision is not available.

Wishing your families many blessings and good health.
God bless and protect you.

Simon Dykes
Board Presiding Member

Ursula Hall
Principal
